WORK EXPERIENCE

Full-Stack Web Developer | Freelance / Self-Employed
2024 – Present (2+ years) •

- Designed, developed, and deployed production web applications using React, Laravel, and MySQL.
- Built fully responsive UIs with React, Bootstrap, and Tailwind CSS for cross-browser and mobile performance.
- Engineered RESTful APIs in Laravel/PHP including authentication, CRUD operations, and third-party integrations.
- Optimised MySQL queries, reducing average API response time by up to 40% on key projects.
- Managed projects from kick-off to production launch, communicating directly with clients.
- Maintained version-controlled codebases using Git/GitHub with professional branching workflows.

Full-Stack Developer Intern | Tech Company (Internship)
feb 2026 – mar 2026 (1 month) •

- Contributed to internal web tools using React and Laravel in an Agile sprint environment.
- Gained hands-on experience with code reviews, ticketing systems, and deployment pipelines.

EDUCATION

Bachelor's Degree — Information Technology (IT) | Sulaimani Polytechnic University *2021 – 2025*

- Four-year program covering software engineering, databases, networking, and web development.
